Installing an Add-in Application Using FA-124 PROGRAM-LINK	E-2
Installing an Add-in Application Using an SD Card	E-5

Installing an Add-in Application Using FA-124 PROGRAM-LINK

- 1. On your computer's desktop, double-click "FA-124".
 - This will start up FA-124 PROGRAM-LINK.
- 2. Click the $rac{4}{3}$ icon to switch to display of Storage Memory contents.
- 3. In the FA-124 window, right click "Default".

- 4. On the shortcut menu that appears, select "Import".
 - This will display a dialog box for selecting the file you want.
- Click the file type down arrow button and then select "G1A File(*.g1a)" on the list of file types that appears.

- $\it 6.$ Select the add-in that you want to install.
 - If you are installing an add-in from the CD-ROM (Physium, Geometry, etc.), navigate to the CD-ROM that is in your computer's CD-ROM drive and then select the add-in.

Click [Open].

• This should cause the imported add-in file to appear in the FA-124 window.

- * If the "Memory Full Error" occurs, delete files in the FA-124 window that you no longer need.
- $\it 8.$ Use the USB cable to connect the calculator to your computer.
 - This will display a dialog box on the calculator screen.
- Press F1 (Data Transfer).
 - If the connection is broken for some reason, press F2 (RECV) to display the "Receiving..." screen.
- 10. Clik the 💆 icon.
 - This will establish a connection between the calculator and FA-124 PROGRAM-LINK, and display the contents of calculator memory in the Calculator window.

11. In the FA-124 window, right-click the add-in application you want to install and then click "Copy" on the shortcut menu that appears.

12. In the Calculator window, right-click the user name and then select "Paste" on the shortcut menu that appears.

- * In place of steps 11 and 12, you could also drag the add-in application from the FA-124 window and drop it onto the user name in the Calculator window.
- 13. The data will be copied from the FA-124 window to the Calculator window.

14. After the copy operation is complete, the add-in application will appear under the user name in the Calculator window.

- 15. Click the 💯 icon.
 - This will terminate the connection between the calculator and FA-124 PROGRAM-LINK and cause the message "Complete!" to appear on the calculator display.

- 16. On the calculator, press the $\overline{\text{EXIT}}$ key and then the $\overline{\text{MENU}}$ key.
 - Confirm that the add-in application's icon is on the Main Menu.

Installing an Add-in Application Using an SD Card

- * This operation is supported only on models equipped with SD card capabilities.
- 1. Insert the SD card into an SD card drive connected to your computer.
- 2. Copy the add-in file (*g1a) you want to install to the SD card.
- 3. Insert the SD card that contains the add-in file into the calculator.
- Enter the MEMORY Mode.

- 5. Press F3(SD).
 - This will display the data stored on the SD card.

6. Use the and cursor keys to move the highlighting to the add-in application you want to install.

- 7. Press F1(SEL).
 - This will cause ▶ to appear to the left of the file.

- 8. Press F2(COPY).
 - This will display the "Copy to" dialog box.

9. Press 2 (Storage Mem).

- 10. In Storage Memory, select ROOT as the destination and then press the lpha key.
 - This will cause the "Complete!" message to appear.

- 11. Press the EXIT key.
- 12. Press the WEND key.
 - Confirm that the add-in application's icon is on the Main Menu.
